

Thank you to
those who
serve.

Past, present and future.

#PayItForward4Veterans

Did you know? Hearing loss is one of the most common service-related injuries among veterans.¹

This Veteran's Day, I'm choosing you for a random act of kindness to thank you for your service, or to pay it forward in honor of the sacrifices our veterans make every day.

Please take time today to do something nice for a veteran in your life. If you don't know one, perform a random act of kindness of your own and ask that person to #PayItForward4Veterans.

Share your random act of kindness with ReSound US on Facebook!
